at

## Villa Milagro Vineyards

Nestled along the banks of the Delaware and Musconetcong Rivers, the breathtaking views at Villa Milagro Vineyards earn the winery its Spanish name, “House of Miracles.” Treat yourself and five friends to a tour of the vineyard to learn how grapes are grown using organic and sustainable practices. Next visit the barrel and processing areas to learn how the wines are made. Then relax in the Vinter’s Residence for a formal wine tasting, when hot o’deouvres will be served and you will learn how to swish and swirl like a pro.
